PROJECTS

UrbanShield - Smart City Emergency Response Platform

[GitHub](#) | [Live Demo](#) | *MERN, Socket.IO*

- Developed and deployed a production-ready MERN-based smart emergency response platform with role-based dashboards for Citizens, Administrators, and Emergency Response Units using JWT Authentication, RBAC, Vercel, Railway, and MongoDB Atlas.
- Implemented graph-based emergency dispatch using Floyd Warshall's Algorithm and a Max Heap Priority Queue for intelligent unit allocation, while integrating Socket.IO for real-time incident tracking, mission synchronization, and live dashboard updates.

Metro Management System

[GitHub](#) | *C++, Dijkstra, Chinese Postman problem*

- Built a metro management system with route planning, fare calculation, station utility services, and metro card management using object-oriented design principles.
- Leveraged graph algorithms including Dijkstra's Algorithm, BFS, and the Chinese Postman Problem for shortest-path computation and patrol route optimization.

AI Document Intelligence System

[GitHub](#) | *FastAPI, Gemini API, React.js*

- Developed an AI-powered document intelligence system using FastAPI, React.js, and Gemini API to extract PDF content, generate structured summaries, and enable contextual question answering.
- Built an automated planner generation engine that creates lecture and lab schedules from uploaded syllabi and academic calendars, and integrated Edge-TTS with Pydub to generate downloadable multi-speaker educational podcasts.

SKILLS

Languages: C, C++, Python, JavaScript

Core CS: DSA, OOP, DBMS, Operating Systems, Computer Networks

Web Development: HTML, CSS, Tailwind CSS, React.js, Node.js, Express.js, FastAPI

Databases: MongoDB, MySQL

Tools & Technologies: Git, GitHub, Postman, REST APIs, JWT, RBAC, Socket.IO, Vercel, Railway

AI/ML: LLM Applications, Gemini API, RAG, Machine Learning

EDUCATION

Jaypee Institute of Information Technology, Noida

2023 – 2027

B.Tech in Computer Science Engineering

CGPA: 8.36

BBL Public School, Bareilly

Class XII : 85%

2022 – 2023

Class X : 95.8%

2020 – 2021

ACHIEVEMENTS

- Solved **700+** DSA problems, achieved a peak **LeetCode rating of 1898** with the **Knight** badge, and attained the **Pupil** rank on Codeforces (**1256**).
- Qualified the Internal Round of **Smart India Hackathon (SIH) 2024**.
- Secured **3rd Position** in **Code Clash** organized at **JIIT Noida**.

LEADERSHIP & VOLUNTEERING

Tech & Management Volunteer, Optica JIIT Society

- Assisted in organizing technical workshops, speaker sessions, and society-led academic events.
